Dear Mr. Bedan:

In response to your letter dated 3/28 containing the recommendations from our Resource Conservation and Recovery Act inspection, I wish to notify you of our following actions:

1. A meeting was held March 10, with the individual responsible for completing the waste manifest, to emphasize the importance of completely filling out the manifest forms.
2. We had placards printed for marking our sludge containers. A xerox copy of our placard is enclosed. This placard has been on all sludge containers since March 24, 1983.

If you require additional information, please contact me at any time.

Sincerely,

David Edwards
